

ABOUT MONERIS

LEADING THE WAY IN PAYMENT PROCESSING AND INTELLIGENCE

Every day, in ways both small and large, the payment landscape is changing. From new regulations to technological advancements, security issues to evolving consumer preferences, electronic payments are continuously presenting both new challenges and exciting opportunities.

Successfully navigating this terrain and making the most of electronic payments require a partner who is both an innovative processing provider and a thought leader in the industry.

At Moneris, we've spent more than 40 years helping lead the electronic payment revolution, and we remain at the industry's forefront. Providing merchants and partners with seamless, secure solutions and the latest industry intelligence, Moneris helps the businesses we serve unlock new possibilities and take advantage of new avenues for growth.

ONE OF NORTH AMERICA'S PREMIER PROCESSOR OF ELECTRONIC PAYMENTS

Moneris has more than four decades of experience as one of North America's largest merchant processors of all forms of electronic payments, including credit and debit cards, ACH and e-check transactions and gift card and loyalty programs.

As a joint venture between the Royal Bank of Canada and the Bank of Montreal, Moneris is built on the strength, security and stability of two globally respected banking and financial services institutions. We leverage those advantages for businesses in every industry including healthcare, retail, hospitality, education and ecommerce while continuing to invest in the three key elements of processing: technology, innovation and people.
